New Economy – New Focus

A great opportunity for you and your industry. Your company spokesperson can speak at this event at one of our seminars.

This is your chance to give potential employees the inside scoop; What does it take to get into your industry? What do employees want?

Career Wise wants to help prepare participants for their future. With the economic downturn NOW is the time for participants to focus on further training, education, networking, apprenticeships and more so they can make better informed choices when it comes to their career.

Career Wise can help you attract top candidates. It's an excellent opportunity to promote your company while meeting face-to-face with quality candidates. You can still look for full-time, part-time, or temporary staff too.

Career Wise is an essential tool for companies recruiting in service, hospitality, clerical, retail, sales, trades, transportation, forestry, education, oil and gas and other industries.

Career Wise will attract people looking for a change in direction. This is also an opportunity for education facilities to recruit students.

Career Wise is managed by Wave Media Inc., a Grande Prairie business that has operated the Northern Alberta Job Find and Grande Prairie and Fort St. John Home Shows in the past.

Thanks to our funders, we're able to provide a high quality, highly promoted event – for a fraction of the valued price.

With special thanks to:
